

The Intelligencer.

Collector McGraw. HIS CASE IS CONSIDERED.

By the Senate Finance Committee. Probability of an Adverse Report—Why some of the Republican Senators Will Vote in Favor of His Confirmation.

Special Dispatch to the Intelligencer. WASHINGTON, D. C., May 25.—At their meeting to-day the Senate Finance Committee took up the nomination of John T. McGraw to be Collector of Internal Revenue of West Virginia and the case was discussed up to the hour of adjournment without any conclusion being arrived at. It is very probable, however, that an adverse report will be decided upon by the majority of the committee.

I am informed that Senator Kennas has been notified that he may look for such a report, and it will likely be brought up in the executive session to-morrow, though a vote will not be taken through courtesy to Mr. Camden, who is absent. There will be a minority report, and when the case comes before the Senate a lively fight will take place, which will probably result in McGraw's confirmation, as several Republican Senators are said to be favorable to his nomination.

The present adverse report is largely due to the efforts of Senator Sherman, who has been led to believe that McGraw's defeat would prove good Republican policy as applied to West Virginia.

I am not informed as to the peculiar arguments adopted to bring Mr. Sherman to this way of thinking. Democrats here say McGraw is rejected a successor will be appointed who will give satisfaction to all Democrats in the State and the division now existing by reason of his appointment will disappear and harmony will be restored in the party.

Some Republican Senators for this reason doubt whether his rejection will prove good Republican policy and will vote for confirmation.

General Logan is quoted as saying that he will not lend himself to an effort to reject a public officer who is an honest and able man, and who would doubtless be succeeded by another Democrat who perhaps would not prove as good a man as McGraw's standpoint. The opposition to McGraw's confirmation comes from a small number of West Virginia Republicans, through Mr. Sherman.

The case of Collector Hanley, of Indiana, will also be reported unfavorably.

Kenna and McGraw's membership. Special Dispatch to the Intelligencer. WASHINGTON, D. C., May 25.—Senator Kenna has not yet decided the Chairmanship of the National Democratic Congressional Committee and the members are using every endeavor to prevent him doing so. He has gone so far as to state that if no one else can be prevailed upon to accept the honor, he will consent to serve.

West Virginia Personalities. Special Dispatch to the Intelligencer. WASHINGTON, D. C., May 25.—Commissioner Miller has returned to the city from a visit to West Virginia.

Among the candidates who have successfully passed their examination for naval cadetships at Annapolis is R. W. Beal, of West Virginia.

SOMEONE IS TO BLAME. The Payne Resolutions of the Ohio Senate Have Not Yet Reached Washington.

WASHINGTON, May 25.—The non-arrival of the resolutions passed by the Ohio Senate a week ago Saturday in the Payne case, seems to demand something more than ordinary attention. The belief here is that there has been an intention on the part of some one to withhold those resolutions, and that the Committee on Finance and Elections had acted in the Payne case. The matter is the more inexplicable from the fact that various special dispatches and several private telegrams have been sent from here, stating that the Senate Committee on Finance and Elections had acted in the Payne case. If it were a matter where Democratic officials were alone responsible there would be no surprise felt here over the matter. But as they were offered by a Republican, passed by a Republican officer, and if the private information sent here about them be true, they provide for being sent forward to Washington through the Governor's office. It seems strange that the Senate Committee on Finance and Elections should not now have those resolutions before them when they take place before the Senate meets. But as the final decision of the committee will be delayed until Judge Little returns, and can be heard, the delay of the Senate resolutions is not as serious as might otherwise have been the case.

Republicans at Columbus cannot be more than every indication of lack of interest in the Payne case or failure to promptly endorse all needed action, and to attend closely to the execution of any arising in the course of the case, is attributed by many to favor to the Payne case, and to the expectations of future favors.

West Virginia Resolutions. WASHINGTON, D. C., May 25.—Among the confirmations made by the Senate to-day were Robert Simpson, to be postmaster at Wheeling, R. J. Ashby, at Charleston, W. Va., and P. J. Rogers, at Piedmont, W. Va.

Distressing Water Spout. LYNDEN, Va., May 25.—A special to the Daily Advance from Abingdon, Va., says: "Yesterday evening about eleven o'clock a water spout struck the residence of David Whitaker on Cooper creek this county, destroying the dwelling and tobacco barn and other buildings. The water was so high that it had stepped in out of the rain. Whitaker has his jaw bones broken by falling timbers. Two horses and three mules were drowned. The body of the young lady was found half a mile below the house to-day."

Not Going to Mary Grove. BUFFALO, N. Y., May 25.—The Commercial-Advertiser, in an editorial to-day, says: "Letters received in this city from Buffalo women now in Paris, and who have personally seen the young lady whose name has been mentioned as that of the intended wife of President Cleveland, report that the mortified girl positively declares that she is not going to marry Mr. Cleveland."

Iron Prospects Brightening. PITTSBURGH, May 25.—Pittsburgh iron manufacturers who were spoken to to-day agree that prospects are brightening and indications are more promising than at any time since the first of the year. The labor disturbances during the past few weeks are quietly subsiding and there is more confidence in the iron business than for some time past.

Abraham, N. Y., May 25.—Governor Hill today appointed Hon. Russell P. Flower, of New York, as Electrical Board Way Commissioner for that city, in the place of Chas. E. Lowe, deceased.

PROSECUTION RESTS.

In the Maxwell Murder Case—Concessions by the Defense.

St. Louis, Mo., May 25.—The sensational developments in the Maxwell trial yesterday afternoon, and the expectation that the prosecution would rest its case, and that Maxwell would be placed on the witness stand to testify in his own defense to-day, literally packed the Criminal Court this morning with spectators of all classes of men and women. Extra seats, provided for the anticipated large attendance of ladies, were each occupied by a representative of the fair sex, who took an extraordinary interest in the proceedings.

The preliminary business of the court having been disposed of, the jury in the Maxwell case and the defendant were brought into court, and the examination of Deputy Sheriff Kenebeck was proceeded with. Maxwell appeared a trifle paler than on previous occasions, but he maintained his former calm and almost indifferent bearing.

The defense decided that he was present in the District Attorney's office when Mr. Brooks, of England, called to see the prisoner.

The prosecution asked the witness to tell the jury the nature of the interview between Mr. Brooks and the defendant.

Mr. Fauntleroy, of the defense, asked that the private words spoken at that interview and the emotion of the gray-haired father be not laid before a sensational-seeking jury.

The prosecution answered that they desired to prove that the prisoner had on that occasion thrown aside all disguise and admitted his identity—that he was H. M. Maxwell.

The defense said that this point would not be denied, and the witness was withdrawn.

All of the clothing marked "C. A. P." found in Maxwell's trunk at Ancon, New Zealand, the value of his boxes, trunks, medicine bottles, letters from Maxwell to Preller, and from Detective McCullough to Maxwell and the latter's attorney, articles bought by the defendant while in St. Louis, after the murder, and those purchased in San Francisco, were admitted in evidence and shown to the jury.

The prosecution then stated to the court that they desired to rest their side of the case.

The defense asked that the coroner, who witnessed the post mortem examination of Preller's body be placed on the stand by the prosecution and be made to testify as to the result of the examination.

The coroner, who was called, and the defense appealed to the court, who decided he could not interfere in the matter.

The defense accepted the ruling and asked that an adjournment be taken until 10 o'clock at 10 o'clock. The court then adjourned.

BASE BALL. Cincinnati Stars Off Well but Get Badly Battled—Other Games.

PHILADELPHIA, Pa., May 25.—The Cincinnati began the game to-day against the Athletics with some lively hitting, and at the end of the third inning had a decided lead. In the three innings they had eight hits, including a home run, a three bagger and three doubles. Not another hit was made by them, however, until the last inning, when Fennelly scored a home run in the fifth inning. Mallone in attempting to throw out Matthews at second threw wildly into center field and the visitors became rattled and continued rattled until the end of the game. The attendance was 2,700.

St. Louis Browns, 10; Cincinnati Reds, 6. Earned runs, Athletics 1; Cincinnati 6. Home runs, 1; Athletics 3; Cincinnati 1. Errors, Athletics 3; Cincinnati 17. Umpire, Kelly.

Pittsburgh an Easy Winner. NEW YORK, May 25.—The ball game to-day between the Pittsburgh and Brooklyn clubs was characterized by light batting and few fielding errors. The visitors, however, did a little the better work in both divisions and won. The score was: Pittsburgh, 10; Brooklyn, 2. Earned runs, Brooklyn 2. Two base hits, Pinckney, Porter, Smith. Passed balls, 1; Brooklyn 1. Errors, Brooklyn 2. Umpire, Kelly.

Baltimore beaten. BALTIMORE, Md., May 25.—Ramsay was again pitted against Kilroy to-day and the Louisville club won with comparative ease, as the Baltimore batters seemed neither to hit nor take any advantage of the batting or fielding errors of the visitors. The score was: Baltimore, 5; Louisville, 10. Earned runs, Louisville 1. Two base hits, Browning, Strauss and Welch. Passed balls, 1; Baltimore 1. Errors, Baltimore 2. Umpire, Macaulay.

Won in the Ninth Inning. NEW YORK, May 25.—The ball game to-day between the "Mets" and St. Louis club was won by the home team after a hard and close fight in the ninth inning. The score was: Mets, 1; St. Louis, 2. Earned runs, 1; St. Louis, 2. Two base hits, Roseman, Caruthers, O'Sullivan, Wild pitches, Lynch, 1; Fouts, 1. Passed balls, 1; St. Louis, 2. First base hits, "Mets" 1; St. Louis, 2. Errors, "Mets" 6; St. Louis, 9. Umpire, Quinn.

The Seizure of the Haters. GLoucester, Mass., May 25.—The fishermen were much elated when the news came that a Nova Scotia vessel had been seized at Portland. Dispatches from Nova Scotia indicate that extra exertions are being made there to be in readiness to seize all of the American mackerel catchers when they arrive during the first part of June.

Sisters were seized at Portland merely for violation of the American customs laws, it is not probable that the people of Nova Scotia will attach any importance thereto or show the slightest degree of excitement. In ordinary times such an event would have no interest except to those immediately concerned. The affair occasions no excitement here.

Fatal Powder Explosion. CHATTANOOGA, TENN., May 25.—While transporting two car loads of powder from the river, near this city yesterday, a spark from the engine ignited the powder and it exploded with terrific effect. The cars were demolished and the engine badly damaged. The engineer and fireman were frightfully burned, as was another man. Two were standing alongside the track. It is thought the three men are fatally hurt.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everything he said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken a box of Pills and two bottles of the New Discovery, he was well and had gained in flesh thirty-six pounds.

Trial bottle of this Great Discovery for consumption free at Logan & Co's.

Philadelphia, Pa., May 25.—Gomal Brothers, cigar manufacturers, yesterday discharged nine cigar makers who belong to the Knights of Labor, because they refused to join the Cigar Makers' International Union. GENERAL ASSEMBLY.

OF THE KNIGHTS OF LABOR.

The First Day's Session—The Order Encouraged in the Temperance Stand—Its Relations with the Cigar Makers' Association and the Cigar Makers' Union.

CLEVELAND, O., May 25.—The General Assembly of Knights of Labor, which began its sessions here to-day, is indeed a close corporation. Everything is done in secret and all the proceedings come to the newspaper press through a committee of the order.

The first meeting opened at 3 o'clock and closed at 8 o'clock. At 4 o'clock the General Assembly took a recess for the purpose of giving Mrs. Mary A. Woodbridge, of Ravenna, O., Recording Secretary of the National Women's Christian Temperance Union an opportunity to address them. Mrs. Woodbridge read a letter from Francis Willard, Caroline B. Boell, L. M. Stevens and Esther Pugh, which contained the following:

"We earnestly urge upon you the importance of retaining the rule by which all persons engaged in that nefarious liquor trade which renders no equivalent for value received, are declared ineligible to membership in a society of honest and hard working men and women, whose labor is the great magician of the world and makes the wilderness blossom as a rose. We are glad that your society proposes to defend the rights of women by demanding equal wages for equal work, and we assure you of our hearty sympathy in the heroic efforts of all sober minded toilers to improve their own condition and that of their families through such reforms as are rendered necessary—namely by co-operation, arbitration and the ballot box; that you repudiate the methods of those misguided men whose master is a saloon, whose inspiration comes from a whisky cask and beer keg, whose weapon is dynamite, whose end is the red flag we are fully assured."

Following Mrs. Woodbridge came Mr. Edwin Norton, a manufacturer of Chicago, who read a paper on the subject of the formation of an employers association to be known as the American Manufacturers' Union. The object of the union is to treat with labor unions on questions between employer and employee.

The Cigar Makers' Union is represented here and several resolutions are being made against the Knights of Labor. The cigar people claim that the expelled members of their union are being taken in by the Knights of Labor. They also declare that the expelled members of the union are being taken in by the Knights of Labor. The subject is talked about a great deal and will be referred to in the General Assembly.

AFTER HARMONY. The Amalgamation Association and the Knights of Labor.

PITTSBURGH, May 25.—President Weihe and Secretary Martin, of the Amalgamation Association of Iron and Steel Workers, took a flying trip to Cleveland last Sunday and returned here this morning. The object of their trip was to present before the General Executive Board of the Knights of Labor the special grievances which the Amalgamation Association had with the Knights of Labor. The Executive Board held a session yesterday afternoon previous to the general convention.

Meers, Weihe and Martin went before the Board and laid before it the allegations that there had been a number of iron and steel workers admitted into the ranks of the Knights of Labor, who had been either suspended or expelled from the Amalgamation Association for various reasons by the officers of that association.

Particular instances were cited to substantiate these assertions. It was claimed, in illustration, that the non-union men employed at the Evered mill, at Scottsdale, Pa., had been taken into the ranks of the Knights of Labor, and that these same men had formerly been members of the Amalgamation Association, but had been dropped from the roll of that organization because they were not paid the prices at the Evered mills which had been adopted by the Amalgamated Association.

The differences between the two organizations, which still exist, were generally discussed. It is understood that President Weihe and Secretary Martin had a very satisfactory conference with the board, and the meeting ended with the best of feeling and harmony on both sides.

A LIVELY RIOT. In Toronto, Canada—Over Thirty Street Cars Demolished.

TORONTO, May 25.—For over three hours to-night this city was under mob rule. Word was received by the Knights of Labor that omnibuses from Kingston for the use of the street railway strikers would arrive here between 6 and 7 o'clock and a large crowd went to meet them, accompanied by a brass band. On their arrival the omnibuses were driven slowly through the principal streets, the crowd gradually increasing until two thousand persons were following in the procession. Every street car met on the route was attacked with bricks and stones. The passengers, drivers and conductors were injured and the wildest uproar was kept up, the police being powerless to do anything.

Between thirty and forty street cars were wrecked and are now lying in the company's sheds. Such a scene has seldom if ever been witnessed in Toronto. Fortunately no person was dangerously injured. Had not the Knights of Labor broken up the procession much more serious results would have followed.

STARTLING CHARGES.

Made Against the Ex-Officials of East St. Louis—Missing Funds.

ST. LOUIS, Mo., May 25.—D. J. Canty, ex-City Clerk, and T. A. Canty, ex-City Recorder, of East St. Louis, are now on trial at Belleville, Ill., charged with misappropriating the city's funds and robbery of the safe in the Treasurer's office. The crimes are supposed to have been committed about two years ago, and in the meantime, Thomas Duffy, a Lieutenant of police, has been tried and convicted of the latter offense and is now serving a sentence of five years in the penitentiary. During the proceedings in the court yesterday, Duffy was placed on the witness stand, and made a confession, which, if it shall remain unshaken by subsequent testimony, will undoubtedly convict the Canty brothers.

Duffy testified that he had been in the safe in the Treasurer's office, and that he had taken the funds. He said that he had been in the safe in the Treasurer's office, and that he had taken the funds. He said that he had been in the safe in the Treasurer's office, and that he had taken the funds.

In March, 1884, D. J. Canty and witness were in the safe in the Treasurer's office, and that he had taken the funds. He said that he had been in the safe in the Treasurer's office, and that he had taken the funds.

When Canty remarked that he had lost company money, he wanted some one to witness the robbery, he told me to keep from getting drunk and talking, and if I got in any trouble he would back me up.

When the witness was asked what he had done with the money, he said that he had given it to the Canty brothers. He said that he had given it to the Canty brothers. He said that he had given it to the Canty brothers.

At the afternoon meeting in the Second ward, a large crowd was present, and aside from those who went with Miss Smith to assist her and a number of ladies who sang, the attendance was largely composed of men—chance passers by the habited with the Canty brothers. The Canty brothers were in the crowd, and they were in the crowd.

At 7:30 last evening a meeting of great power was held at the Fourth street church, the services being of a general religious character. At their conclusion a Blue Ribbon Club was formed, and a temporary organization, called the "Who'll be the next to follow?" was organized. The Canty brothers were in the crowd, and they were in the crowd.

To-day's services in the Capital Bldg. List on one forget the all day meeting at the Capitol, beginning at 9 o'clock this morning, under the general direction of Miss Smith. The arrangements have been perfected, and the Canty brothers were in the crowd, and they were in the crowd.

At 6 o'clock this morning a boy went under a large press in the Daily Leader press room with a lamp, when the oil and gas ignited, and the Canty brothers were in the crowd, and they were in the crowd.

Lewis Williams, the owner of the dairy, became jealous of one of his two assistants, and while he was in the dairy in the second year of his pastorate of the Buchanan Church. The Canty brothers were in the crowd, and they were in the crowd.

More depredations by marauders Indians are reported from Arizona. A new oil well near Lima, O., is flowing at the rate of about barrels a day. The house of James Dawson, near Rushville, Ind., burned, and three children perished. Twenty-five Mormons were sentenced to death and imprisonment at Blackfoot, Idaho. The Canty brothers were in the crowd, and they were in the crowd.

The story is revived that Secretary Lamar is soon to marry Mrs. Holt, of Macon, Ga. The total exports of produce from New York during the past week were valued at \$9,032,052. The wheat fields of portions of Kansas and Southern Illinois have been seriously injured by chinch bugs. The financial deficit of the last Cincinnati May Festival, outside of chorus expenses for two years, will be in the neighborhood of \$10,000. J. T. Davies, receiver of Grant & Ward, has secured from William S. Warner \$317,000 of the \$1,400,000 which Referee Cook decided he was entitled to. John McBride, member of the Ohio House from Stark county, and President of the Miners' Union, is expected to be the Democratic candidate for Secretary of State. John King, colored, and his grandson were taken to death while asleep in a cabin loft in Jefferson county, Ky., yesterday morning. Six or seven other occupants escaped. The Canty brothers were in the crowd, and they were in the crowd.

JENNIE SMITH'S WORK.

THE GOOD WORK GOES RIGHT ON.

A Large Number of Drinking Men Sign the Pledge—A Miss Ribbon Club Formed. Her Influence Extending—The Program for the All-day Meeting.

The meetings held by Miss Jennie Smith yesterday showed increased interest. In the morning at 9 o'clock she held services at the Female College, which were exceedingly interesting. At 10 a. m. the meeting in the Mission school on Thirty-first street took place. This meeting resulted in great approval, many becoming interested in her work who had not before embraced any opportunity to hear her. At all of her meetings she has been well attended, and within the radius of her work new classes of people, a few, at least, of whom become regular attendees upon her services thereafter.

At noon a meeting was held at the Belmont and Riverside milk works, where the employees, at first careless and indifferent, became before she left attentive and thoughtful listeners.

At the afternoon meeting in the Second ward, a large crowd was present, and aside from those who went with Miss Smith to assist her and a number of ladies who sang, the attendance was largely composed of men—chance passers by the habited with the Canty brothers.
